Greetings to you,

I got your information while searching for a reliable person who will assist me in a business proposal that will benefit both of us and I believe and trust in you, that's why I am opening this proposal to you.

My name is Barrister Solomon David, an Attorney at Law in Johannesburg, South Africa; I have an urgent and very profitable business proposition for you that should be handled with extreme confidentiality. I know this proposal will come to you as a surprise for the fact that we have not met before and for the fact that this transaction of this magnitude will make anyone worried but I can assure you that you will not regret being part of this mutual beneficial transaction.

**SUBJECT:** A deceased Client of mine name withhold made a numbered time Fixed Deposit for twelve calendar months valued at \$23,500,000.00 (Twenty three Million, five hundred thousand U S Dollars) in a Financial and Security Company on January 12<sup>th</sup> 2000.

My client was a Consultant and contractor with the South Africa Solid Minerals Corporation (SSMC). Upon maturity, the Financial and Security Company sent a routine notification in accordance with the Company policy to his forwarding address but got no reply. After a month they sent a reminder and finally it was discovered from his contract employers the South Africa Solid Minerals Corporation (SSMC) that My Client, his wife and two children died in the AF4590 France concord plane crash bound for New York in their plan for a world cruise on Monday 31 July, 2000.

Below is the link concerning the crash.

On further investigation, I found out that he died without making a Will and all attempts to trace his next of kin were fruitless. On this occasion I made further investigations and discovered that my client did not declare any next of kin or relations in the Deposit paperwork with the Financial and Security Company. This sum of \$23,500,000.00 I understand was kept in the Financial and Security Company for safekeeping to enable him have direct and immediate access to the funds for a contract that he intended to execute. No one will ever come forward to claim it and according to the Government Law as provided in section 129 sub 63(N), South African Banking Edit of 1961 at the expiration of 11 years the money will revert to the ownership of the South African Government, if nobody applies to claim the fund.

My proposition to you is to seek your consent to present you as the **Next of kin and beneficiary** of my deceased client as so that the proceeds of this account valued at US\$23.5 million can be paid to you, so we can share the amount on a mutually agreed percentage of 50% for me, 30% for you and 10% for the Less privileged and 10% for any expenses that might be incurred during the transaction.

All legal documents to back up your claim as the deceased Next of Kin will be provided by me. All I require is your honest cooperation to enable us see this transaction through and I guarantee you that this will be executed under a legitimate arrangement that will protect you from any breach of the law.

Your most urgent response will be highly appreciated to avoid making further contacts.

Warmest Regards and hoping to hear from you soon,
