

I am Mr James Borwn, I am an international fund payment manager with the Barclays bank, I saw your info on the computers of the international bank of settlements here in London , I looked deeply and found out that your fund was delays due to the bankers that handled your payment were inexperienced in this sort of pay outs.

I can help you get this fund, am an expert in this sort of payments and I am rated AAA by European and American bank with top record on payouts.

I discovered that the bank invested your fund without your consent in a high interest money program and it made a high profit of \$ 2 million usd, I will start first by paying you the accrued interest your fund acquired during the high interest money program and after that I can pay you the delayed fund.

If you will like me to proceed with the payment, I will like you to get back to me with your info and your contact phone numbers lets proceed.

Thank you

James Brown
