Attention: Managing Director / C.E.O

Urgent Business Proposal

I would like to start by introducing myself as Dr. Paul Morgan, the Assistant Director of the above-mentioned department in the First National Bank of South Africa (FNB). I have decided to contact you urgently on a very important confidential deal which needs immediate attention.

The decision to contact you was based on the fact that I trust your capability to receive on our behalf a sum of US\$42,300,000.00 (Forty Two Million Three Hundred United States Dollars). This sum in question was a credit balance of (Mr. Lee Seunghyo) a Foreigner, oil Merchant /Contractor, a Geologist by profession and a Miner at KRUGER GOLD COMPANY LTD who died since AUGUST 6, 1997 in [Korean Air Flight801] with the whole passengers onboard. And for your perusal you can View this web site <http://www.cnn.com/WORLD/9708/06/guam.passenger.list>

This credit was held with our banks here in South Africa and the Director of Account / Operations approached me since he cannot transfer this fund alone without going through my desk (i.e. The International Remittance Department). With my position and experience, I have worked out the modalities in such a way that the transaction will be accomplished. On the receipt of your approvals, I will be in a very good position to give you details on the agreed sharing ratio.

This may come as a surprise to you but as we progress, I will be able to explain to you how everything will go smoothly without any problem. Meanwhile, I am 100% positive if you can handle this transaction. Therefore contact me as soon as you receive this urgent message with your Full Names/personal Details, and you're Mobile Telephone Number.

I am anticipating your urgent response while thanking you in advance for your understanding and co-operation. My Email contact is dr.paulmorgan@live.com

Yours sincerely,
Dr. Paul Morgan
