

Dear Reliable Partner,

Beloved, each day that passes by, I am afraid to die, but life gives me no choice, but to answer the call; my prayer each day is to have a place in Heaven. I have suffered a lot as a result of this incurable sickness! With due respect, I must apologize for this unsolicited message, I am aware that this is certainly not a conventional way of approaching an unknown person for establishment of project, But I respectfully insist you read this message carefully before you either take a decision of proceeding or deleting my message as I am optimistic it will be successful for unimaginable financial benefit for both of us and our families.

I am Mrs. Graca Machel Mandela the wife of South African icon and freedom fighter late Nelson Rolihlahla Mandela the former President of the republic of South Africa from 1994 till 1999 who died on December 5, 2013 after a protracted lung infection contracted during his 27th years of incarceration in Robben Island Prison. Actually, I managed to get your contact details online here in Johannesburg South Africa in my desperate search for a trustworthy person to assist me in this confidential business transaction. ([http://en.wikipedia.org/wiki/Gra%C3%A7a\\_Machel](http://en.wikipedia.org/wiki/Gra%C3%A7a_Machel))

As the third wife of late Nelson R. Mandela, he deposited cash in a trust account on my Son`s name here in South Africa, for self keeping, he did these because he knew that upon his death, his lioness x-wife Winnie Mandela might use all her structural contacts within African National Congress [ANC] to deny me what is due to me as his wife who looked after him all these period he was on a sick bed. As his instinct pre-informed him, his fears is ongoing right now, and as a Mozambican, all the family members have swooped on me, Opposing me that I should hand over the asset to them, and good a thing that when my late husband deposited the money into the trust fund account he used my son`s names, Mr. Malengani Machel, who is currently living here in Johannesburg South Africa, for security reasons.

My late husband, Nelson R Mandela deposited \$60,500,000.00 USD (Sixty Million, Five Hundred Thousand United States Dollars) with one of the leading banks here in South Africa through diplomatic channel, after his death, I and my son being in Johannesburg South Africa, decided to transfer this money out of South Africa for my family use since it is the only confidential thing we benefited. I have relinquished and waved most of his assets/estate willed to me as we are married in community of property for the interest of peace. This is genuine and not of criminal origin. I must then emphasize that this transaction is highly confidential and it is to be kept as such.

Recently, the doctors told me that I have 3months to live after they diagnosed me of chronic/acute lymphocytic or myeloid (Leukemia) is a blood cancer in both the bone marrow and in blood itself, leukemia cells crowd out normal blood cells leading to serious bleeding and infection. I have being undergoing blood transfusion and it has drained my purse and I belong to the high, but feed like a leeper, as a result of sickness and neglect from the present government in South Africa led by President Cyril Ramaphosa.

I will not blame God for all this misfortune, but I pray that my pains will be not be witnessed by any human being, therefore indicate your full interest on assurance of trust, as I might not complete this task to make sure my kids have a better life. And in the area whereby you are not interested in this deal please kindly delete it immediately from your email. If you are interested, kindly provide us with your full names, address and direct mobile numbers through this my Son`s direct email address: [MalenganiMachel@hotmail.com](mailto:MalenganiMachel@hotmail.com)

Regards in sincerity,

Mrs Graca Machel
